## About Me

Hello! I'm Arian Pashae, a full-stack web developer with over 5 years of hands-on experience in designing and implementing modern, user-friendly websites. My expertise in creating responsive and scalable web applications using advanced technologies such as ReactJS, Node.js, and PHP enables me to deliver creative and efficient solutions to complex technical challenges.

Throughout my career, I have led various projects, including designing and implementing e-commerce systems, interactive applications, and optimizing user experiences. These experiences have not only expanded my technical knowledge but also honed my project management and teamwork skills.

I am deeply committed to continuous learning and staying up-to-date with the latest technologies. I am always looking for innovative ways to solve problems and improve processes. My goal is to create exceptional experiences for users and clients by combining creativity, precision, and technical expertise. Let's collaborate and build projects that truly make an impact.

## Work Experience

- Senior Web Developer and AR/VR Specialist** April 2020 - June 2024

Tachra Holding

Tehran, Iran

Tasks and achievements

- Designed and developed advanced, scalable websites using React.js, Next.js, and TypeScript, focusing on creating seamless and powerful user experiences.
- Implemented Augmented Reality (AR) and Virtual Tours (VT) using WebGL, Three.js, and A-Frame to create advanced interactive experiences.
- Created modern frontend architectures based on Atomic Design, utilizing CSS-in-JS (such as Styled-Components and Emotion) for speed and flexibility in design.
- Developed custom APIs with Node.js and Express.js and integrated them with NoSQL databases such as MongoDB and Firebase for scalable data management.
- Optimized website performance using Server-Side Rendering (SSR), Static Site Generation (SSG), and advanced techniques like Dynamic Import and Lazy Loading, increasing load speed by up to 50%.

- Web Designer and WordPress Specialist** January 2020 - March 2021

MihanWP

Shiraz, Fars, Iran

Tasks and achievements

- Designed professional, responsive websites using Elementor, ACF Pro, and developed custom SEO-optimized WordPress themes.
- Implemented Headless WordPress using GraphQL and REST API to create fast websites compatible across multiple platforms.
- Integrated WooCommerce with advanced plugins to improve the online shopping experience and increase sales by up to 70%.
- Executed advanced SEO strategies with tools like Ahrefs and SEMRush, boosting organic traffic and Google rankings.
- Developed custom WordPress plugins using PHP and OOP Principles to provide unique functionalities for clients.
